

**Luminal is a UK manufacturer of LED lighting solutions who specialise in retail, exhibition, museum and gallery sectors, as well as wider, less obvious, market applications.**

We have an excellent opportunity in the form of a new role for a Technical and Production Engineer. This role will hold the responsibility of being the liaison between the Production Team, the Design Team and the Design/Production Director to ensure that projects are completed satisfactorily and that any problems are solved seamlessly.

The Technical and Production Engineer will be based at our new offices and manufacturing site in Middleton, Manchester.

#### **Experience required**

- **Extensive product, led lighting and electronics industry knowledge.**
- **Good commercial skills**
- **Extremely Organised and able to take ownership**
- **Highly articulate and able to liaise at all levels**
- **Good IT skills – ability to carry out data analysis**
- **To have a high degree of attention to detail and high quality output**

We are always on the look out for talented, passionate people to join our team especially if you are looking for a new challenge. We can provide you with a working environment that is progressive and supportive, competitive salary and benefits scheme.

**For more information or to apply for this role visit our latest news page at [www.luminal.co.uk](http://www.luminal.co.uk)**

We will only accept CV's from direct applicants for these vacancies.

**Luminal Ltd, Greenside Way, Middleton, Manchester, M24 1SW**
